Re: Adopt A Pet – Malaysia

Date: 21<sup>st</sup> March, 2019

---

Meet Malaysia, who has a sweet and caring nature. She enjoys going for walks and will happily share kisses and allow for cuddles. She is eager to learn and is always a willing participant in discovering new things. Her ideal companion would be someone who can share toys, take her for a walk every day, be happy to run around with her and give her hugs and pats.
