Adopt A Pet And Get A Companion For Life

The RSPCA of PNG runs Adoption and Fostering programs for animals who have been surrendered, abandoned or rescued. All animals approved for adoption are neutered, vaccinated, de-wormed and clinically checked before they are released to their new home. We have dogs and cats, puppies and kittens on our programs. Our adoption and foster program fees are K120.00 for dogs and K85.00 for cats.
